INDEX

1996 ARTICLE INDEX

A

Achieving a Total Safety Paradigm Through Authentic Caring and Quality. *E.H. Blair.* May: 24-27.

Atmospheric Testing and Other Preparations Before Entering a Confined Space. *M. Roychowdhury.* Aug.: 25-27.

B

Behind the Mirror of Safety. *D.M. Bradford and R.F. Ryan.* Dec.: 34-36.

Breaking the Chain of Accident Repetition. *R. Pater.* Feb.: 20-23.

Building an Environment That Promotes Safe Behavior. *E.D. Gregory.* Oct.: 20-27.

Building Wiring: Are Visual Inspections Enough? *K.A. Riches.* Sept.: 26-27.

C

Compliance Inspections: Unhealthy For Your Career? *J. Loud.* Aug.: 35-36.

Cost-Effective Implementation of Process Safety Management. *R. Goyal.* May: 33-37.

E

Effective Training: The Missing Links. *W.M. Montante.* Jan.: 32-34.

Employee Right-To-Know Warning Labels: An Achilles' Heel in Hazard Communication Programs. *T.F. Bubin.* Jan.: 30-31.

Ergonomics Program Management in the Workplace: A Survey of Practitioners. *J.P. Kohn.* July: 26-28.

G

Goal: Remarkable Zero-Injury Safety Performance. *E.J. Nelson.* Jan.: 22-25.

H

Hazard Assessment for Personal Protective Equipment: An Investigative Process. *R.W. Foster.* Apr.: 30-32.

Hazardous Waste Abatement: A Simulation in Three Controlled Thermal Environments. *J-L. Belard, D. Beeckman, M. Hause, J. Wassel and R. Stanevich.* June: 33-36.

I

Improving Safety and Health Practice at a Scientific Laboratory. *E. Teleki and A. Foldes.* May: 38-41.

Influence of Ventilation on Irradiation from a Welding Operation. *S.W. Horstman and T.P. O'Keeffe.* Apr.: 45-46.

Inhaling Helium: Party Fun or Deadly Menace? *H.G. Wickes Jr.* Dec.: 37-38.

Integrating ISO 14000 Into Your Quality System. *W.C. Culley.* Aug.: 20-24.

International Standardization of Safety Management Systems: Is There a Need? *M.D. Hansen.* Oct.: 56-58.

Is Corporate Re-Engineering Hurting Your Employees? *J.W. Witherill and J. Kolak.* May: 28-32.

L

Lessons Learned: Management of Change. *J.A. Jakubowski.* Nov.: 29-31.

Line Management Self-Assessment of Safety Performance. *C.K. Stalnaker.* Aug.: 32-34.

Lumbarsacral Support Belts: Their Role in Back Injury Prevention. *T.F. Fisher and D.B. Reed.* Sept.: 28-30.

M

Moving Past the Blame Basis: Safety as a Business Asset. *A.T. Goldberg.* Jan.: 35-36.

O

Occupational Low-Back Pain: The Role of Research and the Safety Professional. *C.A. Janicak.* Nov.: 40-42.

OSH Act of 1970, The: 25 Years Later. *D. Petersen.* Dec.: 27-28.

P

Performance vs. Compliance. *K.L. Miller.* Aug.: 28-31.

Postural Load of Nurses During Bathing and Showering of Patients. *N.E. Knibbe and H.J.J. Knibbe.* Nov.: 37-39.

Practitioner's Influence on Safety Culture. *R. Eckhardt.* July: 23-25.

Product Liability: An Overview of Critical Loss Control Factors. *K.E. Ryan.* Apr.: 33-34.

Prudent Owners Take Proactive Approach. *O.D. Nwaelele.* Apr.: 27-29.

Q

Qualified Person, Unqualified Person? *W.S. Watkins and T.M. Kovacic.* July: 29-30.

Quantitative Risk Assessments: Prescription for Managing Risk. *R. Kohr.* Feb.: 33-36.

R

Reinventing OSHA: Is It Possible? *J.E. Roughton and L.J. Grabiak.* Dec.: 29-33.

Replacements for Halogenated Fire Extinguishing Agents in Fixed Systems: Where We Stand. *P.E. McCon.* Apr.: 22-26.

Rethinking Safety Rules and Enforcement. *F.D. Pierce.* Oct.: 44-47.

Risk Data: What It Often Doesn't Tell Us. *J. Brown.* Jan.: 26-29.

Root Cause: Holy Grail or Fatal Trap? *J.R. Thomen.* Sept.: 31-32.

S

Safety and Productivity Improvements with Voice Terminals. *A.W. Davis.* Mar.: 37-39.

Safety Management Information System for Decision Making. *A.J. Sorine and R.T. Walls.* Nov.: 26-28.

Safety, Health and Environmental Protection in Vietnam. *J.W. Vincoli.* Mar.: 22-27.

Safety Professionals and the Internet. *F.M. Spina.* Sept.: 18-22.

Servant-Leadership in Safety: Advancing the Cause & Practice. *D.J. Sarkus.* June: 26-32.

Snapshots of Safety's History: What Will They Think of Next? *D.S. Ferguson.* Dec.: 22-26.

Steps to Success: Safety Systems That Are Built to Last. *D. Petersen.* June: 44-46.

T

Total Quality Approach to Safety Management. *M.B. Weinstein.* July: 18-22.

Transitioning Away from Safety Incentive Programs. *T.R. Krause and R.J. McCorquodale.* Mar.: 32-36.

Trust Factor in Safety Performance, The. *R-A. Simon.* Oct.: 28-33.

Truth About Safety Incentives, The. *E.S. Geller.* Oct.: 34-39.

U

Use of Vulnerability Assessments in Hazard Analysis. *N.E. Socha.* Sept.: 23-25.

Using Operations Drills to Improve Workplace Safety. *C.K. Stalnaker.* Feb.: 29-32.

Using Fault Trees and Event Trees as Oracles for Testing Safety-Critical Software Systems. *L.D. Gowen.* Apr.: 41-44.

V

Validity of the Basic Principle of Safety Management. *D.O. Ritzel and R.G. Allen.* Feb.: 24-28.

Violence in the Workplace: Containing the Problem. *S.T. Filippi.* June: 37-39.

Vision: The Forgotten Ergonomic Issue. *G.D. Shurts and P.F. Bommarito.* Mar.: 40-41.

W

Waste Remediation: Issues and Technologies for the Future. *D.C. Hill.* Mar.: 28-31.

What Safety Managers Need to Know About Paradigm Shift. *G.L. Winn and L.L. Probert.* Oct.: 40-43.

Will Safety Be Ready for Workplace 2000? *T.A. Smith.* Feb.: 37-38.

Worker Deaths in Confined Spaces. *T.A. Pettit, R.W. Braddee, A.J. Suruda, D.N. Castillo and J.C. Helmkamp.* Nov.: 22-25.

Worker Psychology and Safety Attitudes. *F.R. Kelley.* July: 14-17.

World Wide Web, The: A Communication Tool. *J.E. Roughton.* June: 40-43.

Professional Safety
circulation is BPA-audited.

SUBJECT INDEX

FIRE PROTECTION

Replacements for Halogenated Fire Extinguishing Agents in Fixed Systems: Where We Stand. P.E. McCon. Apr.: 22-26.

GOVERNMENT AGENCIES

The OSH Act of 1970: 25 Years Later. D. Petersen. Dec.: 27-28.

Reinventing OSHA: Is It Possible? J.E. Roughton and L.J. Grabiak. Dec.: 29-33.

MANAGEMENT ASPECTS

Accident Investigation Analysis

Root Cause: Holy Grail or Fatal Trap? J.R. Thomen. Sept.: 31-32.

Behavior-Based Safety Management

Building an Environment That Promotes Safe Behavior. E.D. Gregory. Oct.: 20-27.

Transitioning Away from Safety Incentive Programs. T.R. Krause and R.J. McCorquodale. Mar.: 32-36.

Worker Psychology and Safety Attitudes. F.R. Kelley. July: 14-17.

The Truth About Safety Incentives. E.S. Geller. Oct.: 34-39.

The Trust Factor in Safety Performance. R-A. Simon. Oct.: 28-33.

Behind the Mirror of Safety. D.M. Bradford and R.F. Ryan. Dec.: 34-36.

Breaking the Chain of Accident Repetition. R. Pater. Feb.: 20-23.

Communications/Presentations

Safety Management Information System for Decision Making. A.J. Sorine and R.T. Walls. Nov.: 26-28.

Environmental Issues

Waste Remediation: Issues and Technologies for the Future. D.C. Hill. Mar.: 28-31.

Hazard Communication

Employee Right-To-Know Warning Labels: An Achilles' Heel in Hazard Communication Programs. T.F. Bubin. Jan.: 30-31.

Inspections/Audits

Compliance Inspections: Unhealthy For Your Career? J. Loud. Aug.: 35-36.

International Issues

Safety, Health and Environmental Protection in Vietnam. J.W. Vincoli. Mar.: 22-27.

International Standardization of Safety Management Systems: Is There a Need? M.D. Hansen. Oct.: 56-58.

Program Management

Ergonomics Program Management in the Workplace: A Survey of Practitioners. J.P. Kohn. July: 26-28.

Regulatory Compliance

Cost-Effective Implementation of Process Safety Management. R.K. Goyal. May: 33-37.

Lessons Learned: Management of Change. J.A. Jakubowski. Nov.: 29-31.

Risk Management/Loss Control

Risk Data: What It Often Doesn't Tell Us. J. Brown. Jan.: 26-29.

Quantitative Risk Assessments: Prescription for Managing Risk. R.L. Kohr. Feb.: 33-36.

Use of Vulnerability Assessments in Hazard Analysis. N.E. Socha. Sept.: 23-25.

Safety and Health Management

Validity of the Basic Principle of Safety Management. D.O. Ritzel and R.G. Allen. Feb.: 24-28.

Line Management Self-Assessment of Safety Performance. C.K. Stalnaker. Aug.: 32-34.

Safety Training and Education

Effective Training: The Missing Links. W.M. Montante. Jan.: 32-34.

Performance vs. Compliance. K.L. Miller. Aug.: 28-31.

Using Operations Drills to Improve Workplace Safety. C.K. Stalnaker. Feb.: 29-32.

Rethinking Safety Rules and Enforcement. F.D. Pierce. Oct.: 44-47.

SUBJECT INDEX

System Safety
Using Fault Trees and Event Trees as Oracles for Testing Safety-Critical Software Systems. L.D. Gowen. Apr.: 41-44.

Total Quality Management
Total Quality Approach to Safety Management. M.B. Weinstein. July: 18-22.
Integrating ISO 14000 Into Your Quality System. W.C. Culley. Aug.: 20-24.

Trends/Future Issues
Achieving a Total Safety Paradigm Through Authentic Caring and Quality. E. H. Blair. May: 24-27.
Servant-Leadership in Safety: Advancing the Cause & Practice. D.J. Sarkus. June: 26-32.
Is Corporate Re-Engineering Hurting Your Employees? J.W. Witherill and J. Kolak. May: 28-32.
Practitioner's Influence on Safety Culture. R. Eckhardt. July: 23-25.
What Safety Managers Need to Know About Paradigm Shift. G.L. Winn and L.L. Probert. Oct.: 40-43.
Reinventing OSHA: Is It Possible? J.E. Roughton and L.J. Grabiak. Dec.: 29-33.
Will Safety Be Ready for Workplace 2000? T.A. Smith. Feb.: 37-38.
Steps to Success: Safety Systems That Are Built to Last. D. Petersen. June: 44-46.

OCCUPATIONAL SAFETY
Confined Spaces
Atmospheric Testing and Other Preparations Before Entering a Confined Space. M. Roychowdhury. Aug.: 25-27.
Worker Deaths in Confined Spaces. T.A. Pettit, R.W. Braddee, A.J. Suruda, D.N. Castillo and J.C. Helmkamp. Nov.: 22-25.

Construction Safety
Goal: Remarkable Zero-Injury Safety Performance. E.J. Nelson. Jan.: 22-25.
Prudent Owners Take Proactive Approach. O.D. Nwaelele. Apr.: 27-29.

Electrical Safety
Building Wiring: Are Visual Inspections Enough? K.A. Riches. Sept.: 26-27.
Qualified Person, Unqualified Person? W.S. Watkins and T.M. Kovacic. July: 29-30.

Healthcare
Improving Safety and Health Practice at a Scientific Laboratory. E. Teleki and A. Foldes. May: 38-41.
Postural Load of Nurses During Bathing and Showering of Patients. N.E. Knibbe and H.J.J. Knibbe. Nov.: 37-39.

Protective Equipment
Hazard Assessment for Personal Protective Equipment: An Investigative Process. R.W. Foster. Apr.: 30-32.
Hazardous Waste Abatement: A Simulation in Three Controlled Thermal Environments. J-L. Belard, D.C. Beeckman, M.G. Hause, J.T. Wassel and R.L. Stanevich. June: 33-36.

Specific Industries
Influence of Ventilation on Irradiation from a Welding Operation. S.W. Horstman and T.P. O'Keeffe. Apr.: 45-46.
Safety and Productivity Improvements with Voice Terminals. A. Davis. Mar.: 37-39.

PRODUCT DESIGN & SAFETY
Product Liability: An Overview of Critical Loss Control Factors. K.E. Ryan. Apr.: 33-34.
Inhaling Helium: Party Fun or Deadly Menace? H.G. Wickes Jr. Dec.: 37-38.

PROFESSIONAL ISSUES
Moving Past the Blame Basis: Safety as a Business Asset. A.T. Goldberg. Jan.: 35-36.
Snapshots of Safety's History: What Will They Think of Next? D.S. Ferguson. Dec.: 22-26.

SAFETY AND TECHNOLOGY
Using Fault Trees and Event Trees as Oracles for Testing Safety-Critical Software Systems. L.D. Gowen. Apr.: 41-44.
The World Wide Web: A Communication Tool. J.E. Roughton. June: 40-43.
Safety Professionals and the Internet. F.M. Spina. Sept.: 18-22.

TECHNICAL FORUM
Using Fault Trees and Event Trees as Oracles for Testing Safety-Critical Software Systems. L.D. Gowen. Apr.: 41-44.
Influence of Ventilation on Irradiation from a Welding Operation. S.W. Horstman and T.P. O'Keeffe. Apr.: 45-46.
Postural Load of Nurses During Bathing and Showering of Patients. N.E. Knibbe and H.J.J. Knibbe. Nov.: 37-39.
Occupational Low-Back Pain: The Role of Research and the Safety Professional. C.A. Janicak. Nov.: 40-42.

WORKPLACE SAFETY
Back Safety
Lumbarsacral Support Belts: Their Role in Back Injury Prevention. T.F. Fisher and D.B. Reed. Sept.: 28-30.

Ergonomics
Vision: The Forgotten Ergonomic Issue. G.D. Shurts and P.F. Bommarito. Mar.: 40-41.
Ergonomics Program Management in the Workplace: A Survey of Practitioners. J.P. Kohn. July: 26-28.

Violence
Violence in the Workplace: Containing the Problem. S.T. Filippi. June: 37-39.

Do you have the 1980-1995 *Professional Safety* Cumulative Index?

The Cumulative Index is a great resource for any safety professional. It features a comprehensive list of articles and authors published in *Professional Safety* over the last 16 years. At $18 plus shipping and handling (IL residents pay applicable sales tax), the spiralbound index is a great value.

To order, call ASSE at (847) 699-2929.
